

Maxi-Net Instructions

U.S. Patent No. 9545551
(for nets with oval tubing)

ONCOURT OFFCOURT
GAME CHANGERS

Note: Assemble and disassemble the Maxi-Net with ease by leaving the net over the end posts and simply rolling the net up into the carry case. All pole measurements below are lengths before assembly.

ASSEMBLY: Connect colors as shown to assemble the frame. Next, slip the net sleeves over the vertical posts, **slightly** pushing the posts inwards as needed to ease tension during assembly. Use the Velcro straps at the top of the net to fine tune the tension.
