

I have had an opportunity to test all your transition balls: red, orange and green. They are as good as any of my other favorites. I particularly like the packaging. The buckets are great teaching tools for coaches workshops ... very durable and portable.

**Quick Start 36 and 60 Balls** now come with motivating slogans.

We are excited to be the first tennis ball manufacturer to offer **QUICK START 60 BALLS & QUICK START 78 BALLS** numbered in cans like regular balls!

- 3 balls to a can, just like regular tennis balls, helps children feel grown up!
- Our acrylic felt is of greater quality and durability than most of the competition's.
- **Numbered Balls** help children take responsibility for their own balls!
- **All our felt balls** are USTA tested and approved.

**Quick Start 36 Foam Balls** are softball size and ideal for 36-foot courts. They are packaged in sets of 6, 12, or most economically in a master case of 144 (12 dozen). These top-of-the-line foam balls are designed for durability and consistent bounce. Better value than the competition's since they will last longer.

**Quick Start 36 Foam Balls**  
set of 6 - \$19 (BQF6)  
set of 12 - \$34 (BQF12)  
case of 12 dozen - \$276 (BQF144)

**STAGE 3 RED (foam)**

**Quick Start 36 Balls** are 15% larger than standard tennis balls, increasing the success rate for beginning children (and adults as well). These balls are specifically designed and tested for 36-foot USTA recommended courts. Color-coded buckets with hinged lids offer convenient storage and can be used as targets.

**Quick Start 60 Balls** are designed for 60-foot USTA courts. They are the same size as normal tennis balls and bounce at 50% the speed of regular tennis balls. Our hinged-lid **Quick Start 60 Storage Buckets** can be used for additional storage as well as for colorful targets. Available in buckets or cans.

**STAGE 2 ORANGE (felt)**

**Quick Start 78 Balls** are the final transition balls for use on full 78-foot long courts. They are proven to help players of all ages around the world to slow down full-court play for maximum improvement. Just think of them as transition balls to allow longer rallies on full-length courts since the balls travel at about 75% the speed of regular balls.

**Quick Start 78 Balls**  
1 can - \$4 (BQ78CAN3)  
3 cans - \$10 (BQ78CAN9)
