

Infinity Play System™

INSTRUCTIONS FOR ASSEMBLY

THE PATENT-PENDING INFINITY PLAY SYSTEM™ with the Multi-Twist Mini Ball Machine takes home tennis and pickleball practice to a new level of fun, efficiency, and effectiveness. The features of the system are unique in the world of racquet and paddle sports!

Use this sheet to guide you through assembly. Open the box in a spacious area where you can assemble the unit and check that all parts have been received as per the pictures below.

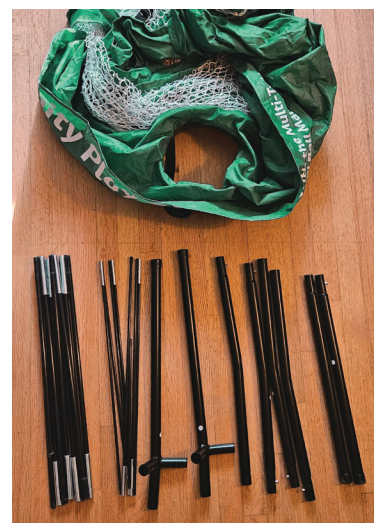

STEP 1

Watch the “Set-Up Video” on our website with step-by-step instructions. Search “Infinity Play System with Multi-Twist Mini Ball Machine” on our website at www.OnCourtOffCourt.com to find the video on the product page.

STEP 2

Lay out all your parts as indicated.

STEP 3

Connect the metal tubing to form the base. Lay out the netting so the fiberglass poles can be inserted.

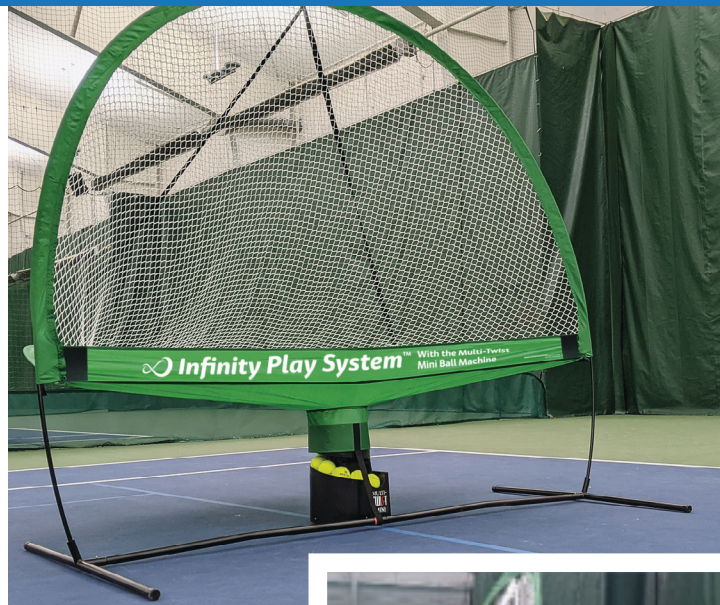

Infinity Play System™

INSTRUCTIONS FOR ASSEMBLY & STORAGE

STEP 4

Connect each of the fiberglass rods in preparation for insertion into the sleeves around the netting and the “base tarp” which feeds the balls into the machine. Connect the thinner fiberglass rods and insert in the sleeve around the “base tarp” of the system. Lock into place with the Velcro straps. Next connect the thicker fiberglass rods and insert into the sleeve surrounding the netting. Once inserted take the extended ends of this rod and insert them into the base as shown in the photo. Attach the two straps at the back of the unit to adjust the angle of the base.

Once complete place the Multi-Twist Mini Ball Machine under the chute with the ball trajectory facing outward. Attach the strap from the platform to the base holding the chute in place. The chute should sit around the outside of the Multi-Twist Mini Ball Machine. Then load some balls into the machine, turn it on and you are ready to play.

TO STORE

To disassemble for storage, simply raise the platform and attach to the main vertical frame using the two short Velcro straps on each side of the platform. See the photo to the left.

NOTE

See separate manual and instruction guide for how to operate the Multi-Twist Mini Ball Machine which can be used with the Infinity Play System or on its own.
