

MultiMower™

INSTRUCTIONS

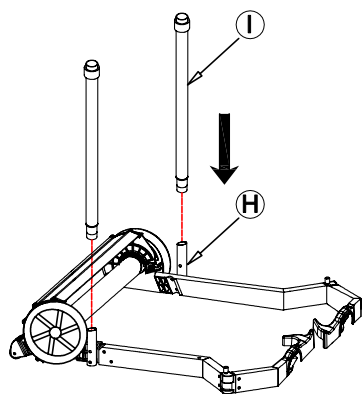

THE ONCOURT OFFCOURT MULTIMOWER™ is the best-value ball mower in the industry! It doubles as a teaching cart and picks up all varieties of tennis balls. It is easy to transport and is equipped with a unique “ridged” roller for a smooth and effortless ball pick-up. Two extra back wheels make it easy to tilt and roll over small bumps on walkways. Ground level pick-up arms close for feeding or wheeling through gates.

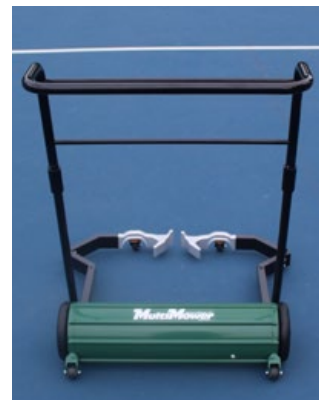

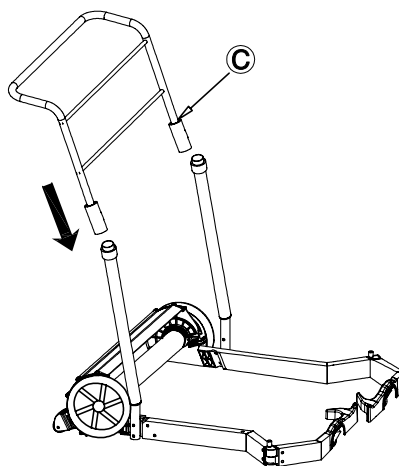

STEP 1

Insert Part I into Part H to assemble the beginning of the frame.

STEP 2

Then put handle (Part C) into Part I to complete the frame.

MultiMower™

INSTRUCTIONS

STEP 3

Hook and slide top upper basket (Part B) into place.

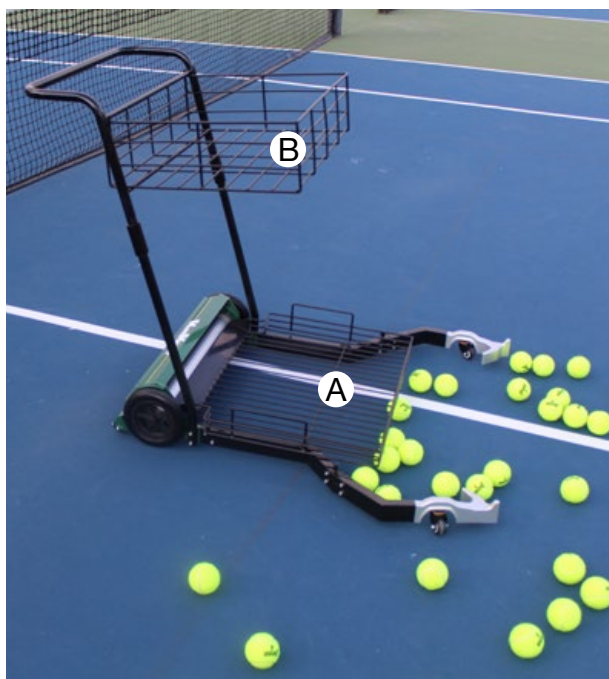

STEP 4

The lower basket (Part A) fits nice and snug on the MultiMower arms.

TO USE

Open arms and start picking up tennis balls. Once lower basket (Part A) is full of tennis balls, empty into upper basket (Part B) and then repeat as needed.

FOLDABLE ARMS

Close the MultiMower™ arms as shown to feed balls or wheel through narrow walkways.

FITS IN YOUR CAR

To fit the MultiMower™ in your vehicle for easy transport, unscrew the vertical handles into two parts.

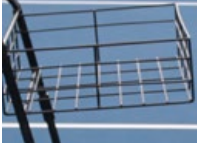

EXTRA STABILITY

The two small back wheels allow users to tilt and roll the unit over small bumps in sidewalks.

REPLACEMENT PARTS

Left and right are determined by standing in front of the machine.
