

# **MULTI-TWIST BALL MACHINES**

Small but mighty • Lightweight and portable

# **Multi-Twist**

The Multi-Twist will throw both pickleballs and tennis balls (including green, orange and red balls). It throws a ball every five seconds and holds 28 tennis balls or 24 pickleballs. Easily adjust the distance of the feed from 12 to 20 feet. Choose between battery and AC power.

## **Multi-Twist Mini**

The Multi-Twist Mini works independently like any ball machine or with our patent-pending Infinity Play System, a continuous play netting retrieval system made specifically for this machine! It throws a ball every 3.5 seconds and holds 14 tennis balls or 12 pickleballs. Under normal use, six "D" batteries will last 6 months or more.

**ORDER ONLINE** 

# Use any ball in either machine: tennis balls, pickleballs, and transition tennis balls!
