The patent pending Serve Rite Racquet is a game-changer. There are three shots in tennis that this revolutionary product fixes in no time because of its built in molded handle: The serve, volley, and all groundstrokes hit with a continental grip. The best feature of this racquet is that it's easy to use - just place your hand on the molded handle and watch your game transform!

This product is great for coaches and parents helping their children. Parents and clubs can save money on lessons and improve faster. The Serve Rite Racquet is a practice tool that can keep more players improving and therefore can keep more players playing tennis!
